## Career Objective

Electrical and Electronics Engineering undergraduate with proficiency in Java, C, and C++, along with foundational knowledge of HTML and CSS. Interested in software development, cloud technologies, and prompt development, with a focus on building efficient and innovative software solutions.

## Education

- **Bachelor of Engineering (B.E.), Electrical and Electronics Engineering**
  Karpagam Institute of Technology, Coimbatore

- **Higher Secondary Certificate (HSC)**
  Kongu Vellalar Matric Higher Secondary School, Vellakovil

## Technical Skills

- **Programming Languages:** Java, C, C++

- **Web Development:** HTML, CSS

- **Databases:** SQL (DBMS)

- **Cloud:** AWS

## Projects

- **Engineering Cutoff Calculator** *(HTML, CSS, JavaScript)* – Developed a responsive web application to calculate engineering admission cutoffs with real-time results.

- **Event Management System** *(DBMS)* – Designed relational tables and queries for events, attendees, and registrations with full CRUD operations.

- **Cloud-Based Alert System** *(AWS S3, Lambda, SNS)* – Built a cloud-based alert system to trigger notifications using AWS services for real-time message delivery.

## Certifications & Achievements

- **III Prize** – Tamil Elocution Competition (Kalaignar Centenary Speech Competition)

- **NPTEL Certification:** Data Structures and Algorithms

- **AWS Certified Cloud Practitioner:** AWS CLF-C02

## Additional Information

- Basic understanding of software development concepts.

- Ability to learn new technologies and adapt to new technical environments.

- Effective communication skills.

- Proficient in Tamil and English.
